

Year 2 News

As part of our History unit, the Year 2's went on an excursion to King Cottage Museum. We learnt so much about the past. We loved washing the socks using the washboards, and using the old telephone. We were amazed that 7 children could sleep in 3 beds, and loved the cattle trough and dog kennel that were made out of hollow logs. Later we had a sausage sizzle and play at the Big Swamp Parklands. We all had an awesome day!

In writing, we learnt how to edit our own work. We have also been learning how to write a persuasive letter. In reading, we have learnt different strategies to help us understand what we are reading.

We celebrated a lovely class liturgy with Fr Wayne. Our theme was Winter. We were so excited, as it was the first time that we had done a liturgy of our very own in the Church.

In Science, we have been learning about forces. We investigated push, pull, gravity and buoyancy. We loved making our straw rockets.

In Maths, we have been learning how to do double digit addition and subtraction. We have been collecting data and creating graphs. We have also been learning how to add money and to give change.

In our Keeping Safe unit, we discussed the meaning of the word 'trust'. We went on a blindfolded walk, which meant we needed to trust our partner to get us safely from one place to another.
