

The Awesome Year 2's

The highlight of term three has been performing our assembly item of 'Wombat Stew'. We were a little bit nervous, but very excited. We had so much fun!

We have been learning to write procedural texts and enjoyed making up gooey, chewy bush recipes. Would you like to try some Platypus Soup or a Kookaburra Cupcake?

We also went on a fantastic excursion to the Wellington Discovery Forest. The blindfold walk through the bush was a bit scary, but lots of fun. We also enjoyed being a bush detective and finding the golden honkey nuts and clues. We used the clues to find out what our secret plant was. We learned so many things about the Australian bush plants and animals.
