

# Year 6 News

We are nearly at the end of our Primary School Education!

Last week we attended Leonardo Day in Brunswick. We combined with other schools to take part in a variety of Science based

In Religion we have been looking at the first and second Rite of Reconciliation and how we can put this into focus.

In English we have been doing a report on something that we are interested in, but do not know a lot about. These reports have to be extremely informative!

In Maths we have been looking at directed numbers which are numbers above and below zero. They can be positive and negative! We have also

been learning how to calculate the

In the last several weeks of History, we have been looking at how famous Australians changed our society. We have been writing a biography
