The Year 6 Class are working hard in all areas. In Maths we have completed our unit on Measurement. We can convert measurements and can calculate the area of a triangle. We are starting our unit on angles (one of Mrs Leach’s favourites!)
In English we are working on narratives. Recently we wrote reports on an endangered animal species. It is alarming how many there are! Our reports are on display at the back of the room.
Shortly we will start preparing for our Confirmation. This will take place in August. We are all looking forward to it!
